

ENERGY TAX CREDIT CERTIFICATION

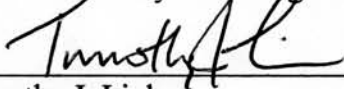

Manufacturer's Certification

doorLink Manufacturing, Inc. certifies that the products listed below are Eligible Building Envelope Components which, when installed with a means of controlling air infiltration (e.g., full perimeter weather stripping) on a qualifying homeowner's principal residence with insulated garage space, qualify for a federal tax credit under Section 25C of the Energy Improvement and Extension Act of 2008 (for doors installed in 2009 or 2010):

Component: Exterior door (garage door)
Models 3610, 3630, 3650, and 3690

All models are eligible in all climate zones.

Under penalty of perjury, I declare that I have examined this certification statement, and, to the best of my knowledge and belief, the facts are true, correct and complete.

Timothy J. Link
President
doorLink Manufacturing, Inc.

Homeowner's Certification:

I certify that I have had the following product installed in an insulated garage within my primary residence; that such door has been installed with a means of controlling air infiltration (e.g., full perimeter weather stripping); and that the cost of the product only, exclusive of any labor charge of any kind, is correctly stated below:

Component: Exterior Door (garage door)
Model No.: _____
Homeowner: _____
Social Security Number: _____
Address: _____
City: _____ State: _____ Zip: _____

Cost of product only (exclusive of installation costs): _____

Homeowner: This form is for personal record keeping only and does not need to be filed with a tax return.
